

The background of the entire page is a photograph of a savanna landscape. In the foreground, two giraffes are visible; one is standing and looking towards the right, while the other is bent over, grazing on the grass. To the left, a large, dark, leafless acacia tree stands prominently. The middle ground is filled with a dense layer of green and brown shrubs and small trees. In the far distance, a range of low mountains or hills is visible under a hazy, light-colored sky.
